

 **ALADDIN (Main character)**

**Tone:** earnest, scrappy, hopeful

**Monologue:** “You know, people look at me and see a street rat. Someone who’ll never be more than the kid running across rooftops trying not to get caught. But that’s not who I want to be. I want to make something of myself—something real. I want to prove that where you start doesn’t decide where you end up. Maybe I don’t have much, but I’ve got a good heart, and I’ve got dreams. Big ones. And I’m ready to chase them, even if the whole world thinks I’m crazy.”
