

IAGO (Main character)

Tone: snarky, comedic

Monologue: “You know what’s exhausting? Being the only one around here with any sense! I tell Jafar, ‘Maybe don’t trust the spooky cave,’ but does he listen? Nooo. I say, ‘Maybe don’t underestimate the kid,’ but again—ignored! Honestly, if people listened to me, we’d have taken over the palace ages ago. But no, I’m just the sidekick. The ‘bird.’ Well, let me tell you something—I’m the brains of this operation, and one day, everyone’s gonna realize it.”
