

🎯 JAFAR (Main Character)

Tone: sinister, calculating

Monologue: “People underestimate me.

They see a loyal advisor, a quiet servant of the throne. But they don’t see the truth.

Power doesn’t belong to those who are born into it—it belongs to those who are willing to reach out and take it. While the Sultan dithers and the Princess dreams, I plan. I watch. I wait. And soon, Agrabah will finally have a ruler who understands strength. A ruler who cannot be ignored. A ruler... like me.”
